LPN

Kathy has worked with Hospice of Marion County since 2003, and has proven herself to be a valuable member of the organization. Her previous experience and passion for patient care has allowed HMC to expand the Crisis Care program. This service extends exceptional patient care while adding vital support to our caregivers. Before coming to HMC, Kathy worked with Vitas, a for-profit hospice in the Orlando area, where she served in crisis care, scheduled visits, on-call staffing and human resource activities.

Kathy has a very personal hospice story about her grandmother. From that experience, she identified her determination and dedication for educating staff, family members and patients on the importance of pain and comfort management. Kathy feels very strongly that all hospice caregivers need excellent pain and comfort management and assessment skills. Kathy is married to Jon and they have two wonderful children, Janet and Anthony.
