Paul came to work for Accent Medical in 1995 as Materials Technician. In 2006, he was promoted to Materials Coordinator, overseeing a staff of six drivers, managing the warehouse and ordering supplies and equipment. In 2008, Paul accepted the position of Warehouse Manager after restructuring the company.

Prior to coming to Accent Medical, he spent four years in the role of Regional Manager for Ameriquipt, a medical equipment and transport company. He also worked as the Director of Sales and Marketing for Respiratory Services, a durable medical equipment company. His prior experience and dedication to the company has contributed to steady growth for Accent Medical. Though he oversees the entire staff, he also makes several deliveries a day himself to ensure that the customer's needs are always met and that the drivers don't become overburdened.

Paul is a native Ocalan. He was born at Munroe Regional Medical Center and has lived in Marion County all of his life.
