Dutchess Community College
Consortium of California

Degree

A.A.S. Nursing
B.S. Nursing

Suzanne has an extensive background in home health and hospice care. She left her position as Director of Clinical Operations at Interim Healthcare after 11 years with the company. She spent three years working at the Lake County Area on Aging before moving to Florida from Virginia in May 2002. Her experience led her to work PRN nights for Hospice of Marion County beginning in 2003. She also worked PRN as a Case Manager for Florida Palliative Home Care during 2007.

Originally from Glen Ridge, NJ, Suzanne lives with her husband, Darrell, in The Villages. Darrell is retired from his 38-year career at IBM, so the couple enjoys exercising and walking the dog together. Suzanne also enjoys reading and spending money. She is a volunteer for the Community Emergency Response Team and AARP as a tax aide. Suzanne has three grown children – Christopher, Timothy and Alison.
