College

University of Phoenix
Felician College

Degree

BS, Nursing
AS, Nursing

Liz joined Hospice of Marion County in 2010 with more than 10 years of nursing experience, having most recently worked at Shands at the University of Florida in Interventional Radiology. Liz has spent most of her nursing career working with children and infants in various settings in the pediatric world. Liz started out in the Neonatal ICU caring for some of the smallest and critically ill newborns. Over time she became a nurse manager for a level III NICU at Robert Wood Johnson University Hospital in New Brunswick, NJ. This was a brand new NICU that she was able to help start from the ground up. Eventually her interests lead her to the Pediatric ICU where she became a PICU/NICU float nurse.

Liz moved to Gainesville, FL in 2008 to be closer to family and then moved to Ocala in 2010 and started working for hospice. She chose pediatric hospice because over the years she noticed there were not many programs for dying children.

Liz is the proud mother of a daughter who is preparing to enter college in 2012. In her spare time, she enjoys music, art, nature, cooking, gardening, Chinese Medicine, sustainable living, and raising Nigerian dwarf goats.
